.

WEB DEVELOPMENT PROJECTS

MyFlix App

Built the complete server-side and client-side for a web application from scratch
Created a RESTful API using Node.js and Express, that interacts with a non-relational database (MongoDB), and testing API endpoints in Postman
Built the interface of a single-page, responsive application, developed with React and Redux, resulting in a fully functioning web-app allowing users to register or login to view movies and details & update their user profile

Chat APP

Developed a messaging application using cutting-edge technologies such as React Native, Expo, and Firebase. The chat interface, powered by React Native Gifted Chat, provides customization options for background and username. The application enables real-time messaging, effortless image sharing, location sharing for events, and ensures offline access through AsyncStorage. It stands out for its engaging and functional user experience, supported by Google Firestore and Firebase Authentication.

WORK EXPERIENCE

Paramedic

Gorris Krankentransport GmbH. Berlin, Germany.	Jan 2019 - Dec 2022
Martinez Robles Ambulances. Murcia, Spain.	Jun 2017 - Sep 2018

- Provided emergency medical care to hundreds of patients in ambulances, addressing rapid decision-making challenges by assessing, stabilizing, administering first aid, and performing CPR. Ensured timely patient transport to the hospital, consistently contributing to efficient emergency care delivery and demonstrating a commitment to preserving and improving lives in high-pressure situations.

Restaurant Manager

Viva Cuba Restaurant. Leeds, England	Apr 2013 - Mar 2015

- Managed daily operations, overseeing a staff of 12-15 workers, controlling costs, and ensuring customer satisfaction while adhering to legal and safety regulations. Addressed challenges by optimizing staff performance and cost management. Successfully navigated interactions with hundreds of clients daily, showcasing a commitment to effective and compliant management.

Driving Instructor

Monster Driving School. (Self-Employed) Leeds, England	Feb 2010 - Sep 2015

- Delivered driving lessons, instructing on traffic rules and regulations, and supporting skill development for obtaining a driver's license. Managed challenges by ensuring a thorough understanding of rules and facilitating effective preparation. The outcome included a remarkable 93% pass rate among students, with an average of 4-5 students per day, further demonstrating a steadfast commitment to promoting safe driving practices.
